

# AWARD CEREMONY

# COACH OF THE YEAR

## CRAIG NESPLIC

Craig did an outstanding job coaching this group of young men in hockey, teaching them skills during practice, and leading them in tournaments, but what stood out the most this season was Coach Craig's effort to get to know and appreciate every single player on the team. He not only worked to develop the players on the ice, but he instilled the importance of being a team player, ensuring every player was appreciated and respected. He taught them to believe in themselves, and no matter win or lose he taught them the love of the game. All it ever takes is one coach to believe in you, and Coach Craig believed in his team.

# TRAINER OF THE YEAR

## RON VANDERHAEGHE

Ron instills in the players a respect for the game. He not only does this in game situations but also practices. Ron embodies the phrase “sportsmanship in the game”. Ron this year not only has instilled Fair play and respect for teammates but also other players and their parents. Ron goes above and beyond, is always prepared for any equipment issues that may arrive with the team including helping out the opposing team. He is always on hand for any medical situations.

# DAN HAMBLETON

## MANAGER OF THE YEAR

# ANDREA VANDEVYVERE

Andrea did a fantastic job keeping all the parents up-to-date on tournament schedules, game times and important information about the hockey season. She created a team friendly atmosphere and helped build camaraderie among players and parents by scheduling team hotels, off-ice activities like our Christmas party and team lunches during tournaments along with organizing all the sponsorships for the kids. Andrea developed a great relationship with the coaching staff and the parents, which made it easy for everyone to get along, communicate and stay up-to-date on team activities. She was approachable, understanding and had a team-first mentality. Everything she did was for the kids to create the best environment possible.

THE JOHN LUCAS MEMORIAL  
GRANDPARENT OF THE YEAR AWARD

**WALTER & LORAINÉ  
HOMICK**

Having 5 grandchildren playing hockey, the Homick's practically live at the arena. If Loraine & Walter cannot make it to an away game, they are streaming it on Live Barn. They constantly step in to drive the grandchildren so that they never have to miss a game or practice and are the kid's biggest cheerleaders! They are dedicated and enthusiastic.

# THE JAMIE NOELS AWARD

GOAL TENDER OF THE YEAR

## JETHRO THIESSEN

Jethro wasn't expecting to play goalie in his first year of hockey, but duty called as no goalies were available for the team. After a few other boys gave it a shot, he put on the pads and practiced hard to become the main goalie for the team. After losing 12-4 in his first game, he went on to have multiple shutouts in the second half of the year, including the final game giving his team a winning record!
